

WHAT IS A COMPLAINT AND DISPUTE?

A complaint and dispute are defined by Regulatory Guide 271 (RG 271) and have the same meaning. A complaint is therefore defined as an expression of dissatisfaction made:

- to or about Unimutual and/or the protections offered, and/or
- is related to the service received or the handling of a complaint, where a response or resolution is expected or legally required.

It is important to note that during the claims process, should Members disagree with the claims decision, we refer to Rule 29 of the PDS for the process. Rule 29 states: "Any review of a claims decision shall be solely dealt with by the Board in its absolute discretion." Please refer to Rule 29 of the PDS and the Claims process for more information.
